5th  
**Annual  
Tori Carswell  
Memorial  
GOLF TOURNAMENT**

Saturday, August 9, 2008- 11:00am  
Canadian Golf and Country Club  
**\$150/golfer**

In support of Candlelighters and Tori's Helping Hand

In June 2000, 6 year old Tori Carswell was diagnosed with Stage IV neuroblastoma, a childhood cancer with a low survival rate. Tori endured 3 ½ years of chemotherapy, radiation, surgeries, a stem cell transplant, and experimental treatments in the United States. Tori lost her battle to cancer in January 2004. She fought hard against her cancer and through it all, her courage, perseverance, sense of humour and glorious smile, shone through.

To honour Tori's memory, an annual golf tournament is held to raise money for cancer related charities. Once again, the annual golf tournament will be raising money for **Tori's Helping Hand**, a category within The Candlelighters Childhood Support Programs Inc.

Candlelighters was established in 1988 as part of the Candlelighters Cancer Foundation of Canada network of local and parent support groups.

Candlelighters is a not-for-profit volunteer organization that provides comfort and resources to young cancer patients being treated at the Children's Hospital of Eastern Ontario and to those they depend on for strength and support. See [www.candlelighters.net](http://www.candlelighters.net)

**Tori's Helping Hand**, has been established to provide assistance to pediatric palliative care cancer patients and their families as well as to assist the needs of families whose children are requiring a transplant.
